Farmer Pesticide Course

**Friday, March 24
at the County Office**

Controlling rodents such as Richardson's ground squirrels will continue to be a challenge for producers in Flagstaff County, especially after March 4, 2023, when 2% liquid strychnine will no longer be registered for use across Canada. One alternative to the soon-to-be-banned pesticide is fumigant Phostoxin. However,

Rybchuk

producers must have their Farmer Pesticide Certificate and Exterior Rodent Control Endorsement before purchasing or using Phostoxin. To give producers the opportunity to earn that certificate and endorsement, we are offering a one-day course with Lisa Rybchuk, licensed pesticide applicator and safety trainer.

If interested in attending the course, please contact Agricultural Fieldman Nick Dunn via email at ndunn@flagstaff.ab.ca or by phone at 780-390-0342
