## Our fight against leafy spurge is going airborne.

Propelled by the success the M.D. of Provost has had with aerial spraying, we are following suit with a similar program highlighted by the following:

- A 50/50 cost-share between the County and landowner.
- Treatment by contracted helicopter services to areas over 10 acres and areas that are inaccessible.
- Treatment by in-house resources to accessible areas under 10 acres.

### Call for more information

If any landowners are interested in this program or would like to report leafy spurge infestations, please contact Nick Dunn or Matthew Pfeffer at 780-384-4100.
