Flagstaff County is recruiting for the full-time position of:

## Asset Management / GIS Coordinator

**Position Overview:** Reporting directly to the Corporate Services Director, the Asset Management/GIS (Graphic Information Systems) Coordinator will support the Corporate Services Director in the implementation of the County's Asset Management Program and management of the County's GIS database and information system. The individual will work collaboratively with the departments and business units to support the implementation of the asset management activities and processes as outlined in the County's Asset Management Policy and Roadmap. As the GIS Coordinator, the individual will work closely with the County's GIS service provider to maintain the County's GIS database system and improve its accuracy. This position will also be responsible for overseeing records management operations and developing records management procedures in accordance with applicable laws and regulatory requirements.

### Key Responsibilities:

- Implement and manage the Asset Management Program:** Coordinate with stakeholders to establish processes aligned with the County's Asset Management Policy, evaluate and maintain records of asset management documents, train department staff on asset management processes, and attend asset management events and report progress to the Corporate Services Director.
- Manage GIS database:** Ensure database processes meet County's GIS needs and Asset Management objectives, support departments with GIS needs and information access, collaborate with GIS service provider to maintain and update the database, and address internal and external GIS information requests.
- Records management:** Coordinate with Laserfiche provider for filing practices and records management systems, oversee records retention and disposal according to schedule, ensure compliance with policies and legislation, and provide training and troubleshooting for records management. Ensure compliance with County policies, health and safety program, and HR guidelines.

### Qualifications:

- Post Secondary diploma in a relevant discipline (GIS and database management, engineering technology, asset management, or other related disciplines).
- A minimum of 3 years of related experience in the municipal service delivery field with at least 1 year of related experience in the GIS and database management applications.
- Knowledge of ArcGIS, GeoMedia Professional, GPS data collection, and Microsoft office applications. Proven knowledge of records and information management standards, processes, and terminology.
- Ability to develop clear and concise reports, correspondence, or other written materials. Strong organizational, prioritization, and time management skills.
- Ability to communicate and interact well with stakeholders with different levels of technical expertise. Excellent interpersonal skills that support building strong relationships with internal and external stakeholders.
- Experience in the use of the Laserfiche program and knowledge of local government procedures and municipal service delivery is an asset.

**Position Type:** Permanent Full-time  
**Hours of Work:** Monday to Friday, 7 hrs/day—35 hrs/wk  
**Salary Range:** \$76,426.02—\$93,994.35 annually  
**Closing Date:** Until a suitable candidate is selected
