Due to ongoing theft and vandalism, the cash boxes have been removed from our water loading stations. **That means the non-potable water is now free for the duration of 2025** as part of a pilot project. The stations remain coin-operated, so you will still need a loonie or toonie to get the water flowing, but you will immediately get your coin back. This includes all five of our year-round water loading stations, as well as our two seasonal stations, which typically run from April to October. For more information on all seven of our water loading stations, please visit: <https://www.flagstaff.ca/county-services/agriculture-service-board/tank-loading-facilities>
